

French Doors

with the Network VEKA difference...

Break down the barrier between home and garden with impressive and inviting French Doors.

Creating a seamless transition to the outside world, French Doors offer a classically elegant means of opening your home or conservatory to the great outdoors.

They can flood a room with natural light, especially combined with sidelight and fanlight windows, and provide an unrivalled fresh air feeling that really brings a room to life.

Available in a range of colours and woodgrain finishes, french doors add style and function to your conservatory or home.

It helps to have a guaranteed expert on your side...

When the weather is inclement, simply close the doors and enjoy beautifully framed views of the changing conditions from a warm and unruffled retreat.

Technically-advanced weather seals ensure the elements are kept at bay, while minimising heat loss from your home and significantly reducing your energy bills.

For smaller rooms the use of outward-opening doors ensures maximum use of the available space.

Opt for inward or outward-opening variants to suit the layout of your home, and choose from white, woodgrain or bespoke coloured finishes to complement your design scheme.

There's even the option of using different colours for the interior and exterior, making French Doors both a versatile and viable choice for many homes.

They require little maintenance and can be cleaned, quickly and easily, with little more than a wipe over with soapy water.

Boasting the same, tough reinforcement components and steadfast multi-point locking mechanisms as The VEKA UK Group's other doors and windows make French Doors, installed by your local Network VEKA member, a formidable barrier against intruders.

Naturally, all French Doors come with the long-life, insurance-backed guarantees you would expect from Network VEKA.
